Embrace the Last Days of Summer with Community Activities

As summer draws to a close, August offers a perfect opportunity to make the most of the warm weather and longer days. Here is a list of some activities to try before the weather changes and school starts back up.

Family Fun Day at the Park: Spend the day with your family and friends at the park. It's a fantastic way for families to spend time together and meet neighbors. Fresh air is good for everyone!

Reading Programs: Stop by the library to see what they have to offer for the end of summer and into the fall.

Back-to-School Preparation: As the new school year approaches, spend some time preparing. Buying all of those school supplies and new outfits, registering for school and attending parent/teacher conferences are great ways to get started.

Stay Connected: Follow us on social media and check our website for the latest updates and detailed schedules.
