

**Acknowledgment of Registration for CUE COVID-19 Molecular Rapid Testing at
Martin County West School District**

Martin County School District is offering optional onsite testing for COVID-19. By signing this form, I acknowledge:

1. Cue Testing permits students who are over 18 years of age to provide consent for testing. For students under 18 years old, Cue Testing requires a parent or legal guardian to provide consent. Results will be available upon request and will be reported directly to the email address or phone number I provided to Martin County West School District.
2. Staff at Martin County West Schools have been trained in administering the testing program, and other staff may provide assistance.
3. Martin County West School District is required to report test results (positive or negative) to the Minnesota Department of Health.
4. Consents will be good through the 2021-2022 school year, unless consent is requested to be terminated prior to the end of the school year. Staff will still contact parent or legal guardian prior to administering the test even if consent is on file.
5. Students undergoing Cue testing must have an email account in order to access test results.

By signing below, I am certifying that I understand the above and that I want to participate in Martin County West School District COVID-19 Cue testing program.
